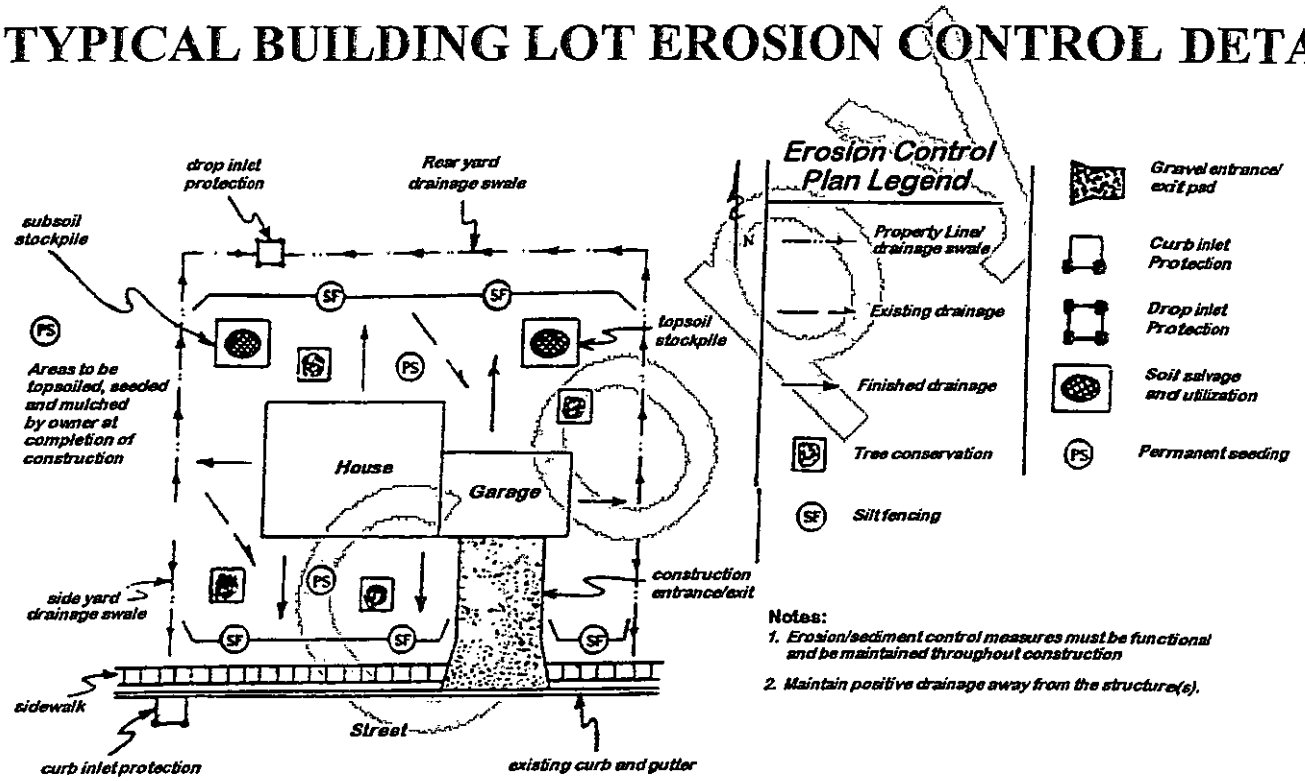
TYPICAL BUILDING LOT EROSION CONTROL DETAIL



Note: Projects which will result in the disturbance or impact of one (1) acre or more of total land area will require a Cedar Lake Stormwater Permit. Refer to the Stormwater Management Ordinance of the Town of Cedar Lake (Ordinance #1218), Stormwater Technical Standards Manual and Stormwater Permit Application for details. All other projects still require temporary erosion control measures and are subject to enforcement through Town inspections. Individual lots within a larger common plan of development should refer to an approved Stormwater Pollution Prevention Plan (SWPPP) for the entire development.
